

Big Tennis Dance Next Friday Night

IT LOOKS LIKE A BIG PARTY AT
ELM HALL NEXT WEEK—LIVE-
LY JAZZ ORCHESTRA TO
KEEP THINGS MOVING.

Members of the Narberth Tennis Association and their friends are urged to remember that next Friday evening, July 30, is the date of the Shirt Waist Dance to be held in Elm Hall.

The Entertainment Committee has arranged to have an excellent jazz orchestra on the job and is also planning a special feature which promises to interest every one.

Captain Follin says he objects to being in the public eye so much, but just the same he threatens to repeat the streak of luck he had at the last dance. Well, we'll see. And in the meanwhile, keep your eye on George Tompkins, the southpaw of Sabine avenue. George says he was glad that Captain Follin carried off the honors at the last dance, but that he and Bill Tilden always were close friends, while as for Mr. Bancroft, "why I went to school with him," says George.

And there are others who insist that the Goddess of Luck has touched them on the shoulder and that it won't be long before you'll see them wielding a new Caneroff-Tilden racket and cleaning up everybody.

That's the spirit, fellows. Keep up the good work and sell all the tickets that you can for the dance next Friday night. It's going to be a big party and a jolly one.

Friends of members may purchase tickets from members or at the door next Friday night.

Remember—the Tennis Association's Shirt Waist Dance is next Friday evening, July 30, at Elm Hall.

About Dahlias

Some time between now and August 14th procure a quantity of pulverized sheep manure, shredded cow manure or potato fertilizer, about two pounds for each dahlia plant, if you are ambitious to show many and large dahlias.

Do not fertilize now. See Our Town, August 14th. Meanwhile, keep the buds pinched off. You might out of curiosity allow one bud to open just to see what color the flower will be, but otherwise have patience.

If your plants have grown more than four feet tall pinch the top out. The plant will branch out at the sides and become stockier and stronger. Staking, of course, will prevent the tall plants from being blown over by a high wind.

Holiday House Directors Meet

(By the Committee.)

The Directors of the Holiday House met Tuesday, July 20th, with a very good attendance, members being present from Pottstown, Jenkintown, Germantown, Bryn Mawr and Narberth. These meetings are held every two weeks during the time the House is open, for the purpose of reporting expenses, etc.

The House has received donations of vegetables, for which they are very grateful. Dr. Faries treated the children to ice cream on the Fourth of July.

Donations of any kind will be appreciated, as there is always a large family to feed and the H. C. L. makes it very difficult. Money or checks should be sent to Mrs. F. H. Baker, P. O. Box 711, Narberth.

The group now enjoying a vacation consists of five mothers and twenty children. One mother is a widow with six children dependent upon her, and needless to say, she appreciates a vacation for herself and children.

Help the House with the good work and pay us a visit.

Women as Fire Fighters

Several women on Dudley avenue are qualified for auxiliary membership in the Fire Company by saving a Sedan automobile from destruction on Monday. The car, which was new and had just been delivered to Robert C. Nash, real estate broker, on Saturday, had been left standing on Dudley avenue by John C. Nash, local representative of the firm. A few minutes after Mr. Nash had left the car flames were seen bursting out beneath the body. Someone cried fire and in a moment Mrs. Edward Haws, followed by Mrs. W. B. Goodall and Mrs. A. G. Kohler, were on the job armed with fire extinguishers, the contents of which were at once dashed on the burning car, smothering the flames. Though the Narberth Fire Company was only three minutes in responding to an alarm turned in, they found the women had completed the job, only slight damage being done, which is covered by insurance.

PLENTY OF TIME.

Teacher: "What, Bobby, you say you don't want to be President of the United States?"

Bright Lad: "Not just now, thanks. If it's all the same to you I'd rather wait until after a couple of more elections."

THE FIRESIDE

Have you seen Narbrook Park lately?

Our Boy Scouts are getting ready for their summer camp in August.

W. L. Livingston and family are spending the summer at their cottage at Stone Harbor.

Come out to the High School grounds today and see our champions play Bryn Mawr.

Fletcher W. Stites, of Narberth, has been elected for the Eighth (Bucks-Montgomery) Congressional District.

Mr. and Mrs. W. J. Bailey and their three children are on an automobile trip through Pennsylvania and Ohio.

Haverford avenue is open to traffic again and has a new coat of asphalt this time, from Narberth to Forrest avenues.

Mr. and Mrs. H. Y. Messac, of Essex avenue, have returned from Chicago, where they attended the Elks convention.

Mr. and Mrs. James C. Simpson, of Essex avenue, are at Alhambra, California. They expect to return to Narberth about September 1st.

Street Commissioner Humphries is making very good progress with Haverford avenue, and when our main thoroughfare is completed our business section will be a credit to our borough.

While the attendance at the baseball games is quite large, yet considering the quality of baseball which our local boys are playing, more interest should be taken in their efforts, more particularly when they have won the first half of the Main Line championship. The schedule of each week is printed on the second page of Our Town.

HAROLD D. SPEAKMAN, POST 356,
NARBERTH, PA.

"To foster and perpetuate a one hundred per cent. Americanism." "To inculcate a sense of individual obligation to the community, State, and Nation."

Several new members have been proposed, but we still need a few more to pass the century mark.

Have you planned to take advantage of the Atlantic City Post? One or two weeks, reasonable rates. Ask the Post Adjutant about it.

Too great a commendation cannot be given to the Public Ledger for the following editorial:

SPEAKING OF HEROES.

Only a well-developed sense of humor and familiarity with the superficial moods of his own people serve to keep ex-service men safe from ingrowing cynicism. They were glorious dough-boys a few years ago, the flower of the land, the pride of the nation and the saviors of France. Nothing was too good for them in those days. Yet for months the folk who stayed at home have been blaming the increase of petty crimes of violence on "young men who learned rough and wicked ways in the army." Of course, this was never true, but we have yet to see any one question an implication that is as graceless as it is foolish.

All soldiers were not angels. They were not intended to be angels. There were good and bad among them, as there are good and bad everywhere. But almost every recent arrest made in this city and the observations of police officials as reported by Director Cortell show that the "crime wave" of the moment, the hold-ups and the amateur banditry have no relation to army life, but an even more significant and picturesque origin. A great many youths and young men who stayed at home and earned high wages in the war industries acquired the habits of high-rollers. They cultivated expensive tastes of the sort that were unknown and undreamed of in and behind the lines. Most of them were content to change their ways when conditions changed. Others still insist on having money to throw away—even if they have to get it from other people with a club or pistol. They are the ones who are now making trouble for the police.

Read the first article on your American Legion Weekly, entitled "Your Voice and Your Vote."

The plan to make Armistice Day ceremonies one of the greatest in history by distributing the Victory Medals through the American Legion is a fine idea.

We ask all ex-service men, whether members of this Post or not, to obtain their medals through the Legion.

Official application blanks may be obtained from the Post Adjutant. Read the page in your weekly called the "Observation Post."

YOUR SURPLUS VEGETABLES.

The Holiday House will welcome donations of your surplus fruits, berries and vegetables. They will surely be appreciated by the King's Daughters and their guests.

GET READY FOR THE DAHLIA SHOW.

Perhaps the amateur grower is wondering just what to do at this time in order to have more and better flowers at the proper flowering time, late August to October 1st or the first killing frost.

A great many dahlia tubers are planted in soil that has been formerly used for vegetable gardens and which has been richly fertilized. A soil of about 50 per cent. coal ashes has been found to be the best, as dahlias do not need much nourishment early in their growing season, the idea being to just keep them growing in order that the substance will not all go to bush, at the expense of flowers, later in the season.

There is a time to fertilize, and that is about August 15th, or when the buds

begin to form, buds appearing before this time should be pinched off; they will appear again and produce better flowers later. The cooler nights of September make the finer flowers.

If two or more shoots have appeared from a tuber it will be found better to remove all but the strongest stem, so that the strength in the ground will go to make one good stem, rather than several inferior ones. In cases where only two stems are growing nicely balanced, it is possibly safer to allow them to remain rather than risk injuring the plant.

Keep the bed free from weeds, and keep surface of ground raked or hoed, not only to kill weeds, but to moisten and aerate the soil. Do not let the ground cake. Nature will take care of watering for the present.

The Dahlia Show Committee will be glad to answer questions to the best of their ability and experience as amateur growers, if letters are addressed to Box No. 118.

DAHLIA SHOW COMMITTEE.

It is to be regretted that a number of our Narberth boys do not seem to consider the value of the property of our residents and of the borough.

On Wednesday night the town roller was tampered with and quite a good deal of damage thereby was caused. Elsewhere in this issue the Borough has offered a reward of fifty dollars for information leading to the arrest and conviction of anyone tampering with the roller and the Borough will use every effort to bring the boys to account for their uncitizenshiplike methods.

A number of our residents from time to time complain as to the damage caused by our boys, and we hope such actions will be discontinued.

Such tactics, if pursued, not only give trouble to everyone connected therewith, but do not make for good citizenship.

SOMEBODY SHOULD START SOMETHING.

Everything that is made of paper is constantly increasing in price—and the most far-seeing men can't see anything but an upgrade ahead. Meanwhile, every week, we stick into our stoves and furnaces or take out into our back yards and burn over 125,000,000 pounds of paper that has come into our homes in one way or another. Most of us do it thoughtlessly, though many see in their weekly task a contribution to an appalling national waste of a resource that is steadily and rapidly diminishing. But there seems to be nothing that the individual can do about it—except to burn the paper. And more trees have to be cut down and the day when America will be without a forest draws a little nearer. Community action can operate to postpone this disaster. The schoolhouse can again be called upon to render a public service. St. Louis has shown the way with an organization of more than 100,000 pupils who take papers and magazines to the schools once a week, where they are packed and sold. In two years they have saved almost 2,000 tons of paper, which has been sold for about \$38,000. The money is used to pay annuities to teachers who retire after long service and for giving relief to teachers temporarily in need. Here is a combination of two worthy services that is recommended to the careful consideration of every community that has a schoolhouse—and burns its waste paper.—William Frederick Bigelow, Editor, in Good Housekeeping, August.

The above might present an idea to the Narberth Boy Scouts, an energetic organization of well trained and manly young men, who could use the money for the expenses of their summer camp.

HIS ANNIVERSARY.

"And now," asked the Sunday School superintendent, smiling benignly upon the class, "can any little boy or girl tell me what great event took place upon Good Friday?"

"Yessir, I can," replied a youthful voice from the back row. "That's the day I whaled hell out of Red Smith."

FOR SAFETY'S SAKE.

"Dear God," prayed golden-haired little Willie, "please watch over my mamma."

And then he added as an afterthought, "And I dunno as it would do any harm to keep an eye on the old man, too."

PENNSYLVANIA MOTOR LAWS. (Continued from Last Week)

It is a felony to take or steal a motor vehicle, or to receive or purchase a stolen motor vehicle. Maximum penalty \$5,000, and imprisonment of ten (10) years. (Pennsylvania Laws 75, 1919.)

It is a misdemeanor to drive over any public bridge with a motor-driven vehicle with a gross weight of four (4) tons, faster than six (6) miles per hour.

All information for offenses under the Motor Vehicle Law shall be brought under the act, 283 Pennsylvania Laws, 1919, and not under any local ordinance, rule or regulation, and shall be made before a mayor, burgess, magistrate, alderman, or justice of the peace.

Motor vehicle may be given by owner as bail for a hearing or appearance at court.

Speed.

Do not operate a motor vehicle recklessly or at a rate of speed greater than is reasonable and proper. Speed limit 30 miles an hour except where signs are displayed limiting speed to 15 miles an hour.

Do not take part in any race or speed contest.

The rate of speed of any motor vehicle when timed shall be made on a measured stretch of highway not less than one-eighth (1-8) of a mile in length and shall be taken by not less than two persons.

No conviction shall be made upon the unsupported evidence of one person.

Rules of the Road.

Do not pass street car taking on or discharging passengers.

When meeting or overtaken by another vehicle legally traveling at a greater speed, turn to the right of the center of the highway, allowing other vehicle free passage to the left.

When overtaking another vehicle pass same to the left; do not attempt to pass at an intersection, sharp turn, curve or on approaching crest of a hill. Be sure you have an unobstructed view of two hundred (200) feet ahead and thus avoid accident.

All motor vehicles, especially heavy trucks, should, as far as possible, keep to the right-hand side of highway to allow for safety and passage of faster moving vehicles, and vehicles coming in opposite direction.

Keep to the right of the intersection of the centers of highways, and pass to the right of such intersection before turning to the left.

When two vehicles approach the intersection of two public highways at the same time the vehicle approaching from the right has the right of way.

When signalled to do so by the rider or driver of any horse or other animal, stop until danger has been avoided.

(Continued from Page 1.)

The Rev. W. Scott Nevin, pastor of the Steel Memorial Presbyterian Church, Philadelphia, died at his home on Sunday the 18th. Mr. Nevin and his family were former residents of Narberth.

Extensive improvements are being made on the south side of Narberth station. The platform and station are being elevated in order to shorten the step between the platform and the train step.

Mrs. Carrie Wyman Lamb, of Bethel, Alaska, announces the marriage of her daughter, Zelinda Lamb Johnstone, to William Loxley Peebles, of Narberth, Pa. The marriage was solemnized at the First Presbyterian Church, Narberth, on Thursday, July 8th.

Members of the Pennsylvania Nurserymen's Association assembled at Mr. A. E. Wohler's home in Narbrook Park on their way to Valley Forge on Thursday. Needless to say, the nurserymen were all praise for the development and highly complimented the spirit of Narberth and the men who made Narbrook Park a realization.

Dahlias, Asters, Cosmos, Snapdragons, Zinnias, Vegetables Classes for garden vegetables grown by Narberth gardeners will be added to the list of exhibits for the Fall Flower Show in Elm Hall.

Many vegetable seeds can be planted during July and August to be gathered in late September in time for the show. Watch Our Town for list of classes and also information on What to Plant and When to Plant.

Members of the Narberth Tennis Association, their wives, and their friends are warned not to schedule their vacations to include Friday evening, July 30. For on that date the Association will give a shirt waist dance.

Chairman Pattison, of the Entertainment Committee, is already arranging an interesting program, including one special feature which he says will make a big hit with all tennis players.

Within a week or ten days members will be supplied with tickets and all other details of the affair.

The Ladies' Committee of the Association also wishes to announce that it has planned a masque ball for Halloween, Saturday evening, October 30, in Elm Hall.

PENNSYLVANIA MOTOR LAWS.

(Continued from Page 2.)

filed with the police department in municipality where vehicle was acquired or, if no police department, with the Clerk of the Court of Quarter Sessions. The remaining copy of form N-175, "Vendor's Affidavit," is to be retained by the vendee for his information.

Do not purchase used or second-hand vehicles unless vendor furnishes you with affidavit and statement in duplicate, Department form N-175. You may be purchasing a stolen car.

Proprietors of public garages, open air garages and repair shops, must keep record of cars left for storage or repairs.

Lights.

Every motor vehicle on the public

highways shall, from one hour after sunset until one hour before sunrise, or whenever it is impossible to see clearly for a distance of two hundred (200) feet, show at least two lights of approximately equal power on the front of such vehicle.

Motor-cycle without side car attachment may display but one light on the front.

No brilliant light shall be displayed on any motor vehicle standing on the left side of the highway.

Do not display red light on the front of any motor vehicle.

Every motor vehicle, including motor-cycles, whether standing or in motion, shall display one red light on the rear, and if a trailer be attached to such motor vehicle, or another vehicle is being towed so as to obscure such red light, then a red light shall be displayed on the rear of such vehicle or such trailer.

Registration plate on the rear of every motor vehicle, motor-cycle and trailer shall be clearly illuminated during the same period as stated above.

All motor vehicles equipped with and using electric headlights of more than four (4) candle-power, not equipped with a permanent deflecting or diffusing device, shall be provided and equipped with some practical and efficient device or devices whereby the forward lights of such vehicle may be dimmed or lessened at the will of the operator to such an extent that such light or reflection therefrom through said forward lights will not interfere with the sight of, nor temporarily blind the

vision of the driver of an approaching vehicle, and it shall be the duty of every operator of such motor vehicle equipped with and using electric lights upon the public highways of this State to effectually apply such dimmer to the forward lights of the vehicle operated by him or her, and cause such lights to be dimmed and lessened so as not to interfere with the sight of temporarily blind the vision of the operator of any approaching vehicle.

The above department should be of the greatest use to the community, the list containing the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.

Now the whole family can go out on a Summer evening

THE women should certainly be thankful for the automobile. It has given them a chance to see a lot more of their husbands.

II

But it has done a great deal more than that.

It has brought people closer together, given them new interests, swept away old prejudices.

What affects one man now generally affects a good many of his neighbors in the same way. And they have a better chance to get together and talk things over.

III

It's had its effect on the tire business.

When automobiles were new people were willing to buy any kind of a tire. Now

they're beginning to insist on *knowing what they are getting*.

And the more they insist, the better it will be for us.

IV

We want our customers to know what they are getting.

That's why we represent U. S. Tires—so there will be *no doubt* about it.

Whatever the size of your car, you know that the U. S. Tire you put on it is the *best kind of tire* its makers know how to make.

U. S. Tires are guaranteed for life, *without any limitation* of mileage.

That ought to mean something to the man who has thought about tires.

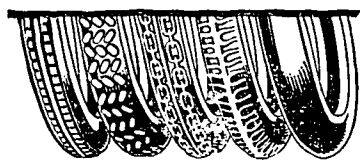

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.
